RUGGEDIZED WINDOW UNITS

The Sun Never Sets On A Northern Air System

Since 1998, Northern Air Systems has been a leading provider of specialized cooling systems worldwide.

Northern Air Systems Overview

Since 1998, Northern Air Systems has been a leading provider of specialized cooling systems worldwide. With thousands of systems in operation today, we have the lowest downtime of any cooling system on the market. Northern Air Systems has developed an integrated cooling system for many different industries, and has been the trusted name for quality and dependability.

Northern Air System units can be placed in any environment. They are used for applications requiring high dependability and all harsh environments, from very hot to very cold.

Product Applications

- Trucking
- Command Centers
